I INTERNATIONAL CONFERENCE

«THE PRACTICAL ISSUES OF HYDROLOGIC FRACTURING OF FORMATION»

1 October 2014

Kyiv, 4 Hospitalna str., RUS hotel

The program of the conference will last during one day in three sessions:

- Geological and practical premises of hydraulic fracturing in Ukraine
- Political and ecological aspects of conducting hydraulic fracturing
- Practical experience of hydraulic fracturing in the USA and Canada

Key issues to be discussed:

- The current situation with a resource base in Ukraine
- Perspective regions for hydraulic fracturing
- The experience of performing hydraulic fracturing: plans, executions, results
- Regulations that limit hydraulic fracturing use: myths and reality
- Control over the use of hydraulic fracturing: politicians, local community, ecologists
- Analysis of subterranean waters in the area of hydraulic fracturing
- New technologies of hydraulic fracturing operations
- Perspectives of “Export of shale revolution” and positions of Ukraine
